Warm White

White

Cool White

LTSPRO is constructed with aluminum housing and a matte white polycarbonate diffuser. It has a hi-low rocker switch and a slide selector switch for changing Kelvin color temperature. This sleek fixture features edge lit technology which means no hot spots on the polished marble or granite counter top. 1 inch low profile design means the fixture remains hidden. The quality of light is the best in the industry with a 90 color rendering index (CRI) and up to 60 lumens per watt. Rated to 50,000 hours and dimmable with most ELV dimmers, LTSPRO is the most versatile task light on the market today. Ships complete with captive mounting screws, cord and plug, 8" jumper cable, end to end connector and romex connector for hardwire.

Features

- ✓ Adjustable to 3 color temperatures: 2700K, 3300K and 4000K (warm white to cool white)
- ✓ Dimmable with most ELV dimmers
- ✓ Comes with High / Low Switch
- ✓ Low power consumption
- ✓ Edge Lit technology eliminates hot spots – smooth luminance
- ✓ Fast and easy installation – quick connects, captive mounting screws
- ✓ Comes with cord and plug as well as knockouts for hardwire
- ✓ 3/8" connector provided
- ✓ Shallow profile conceals fixture
- ✓ Linkable up to 400 watts
