

Xenon Task Light

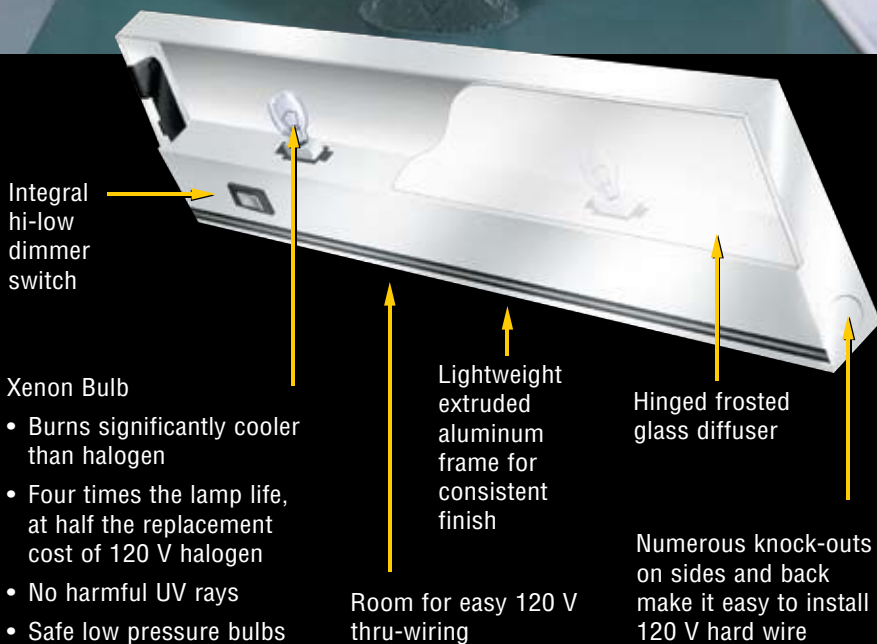

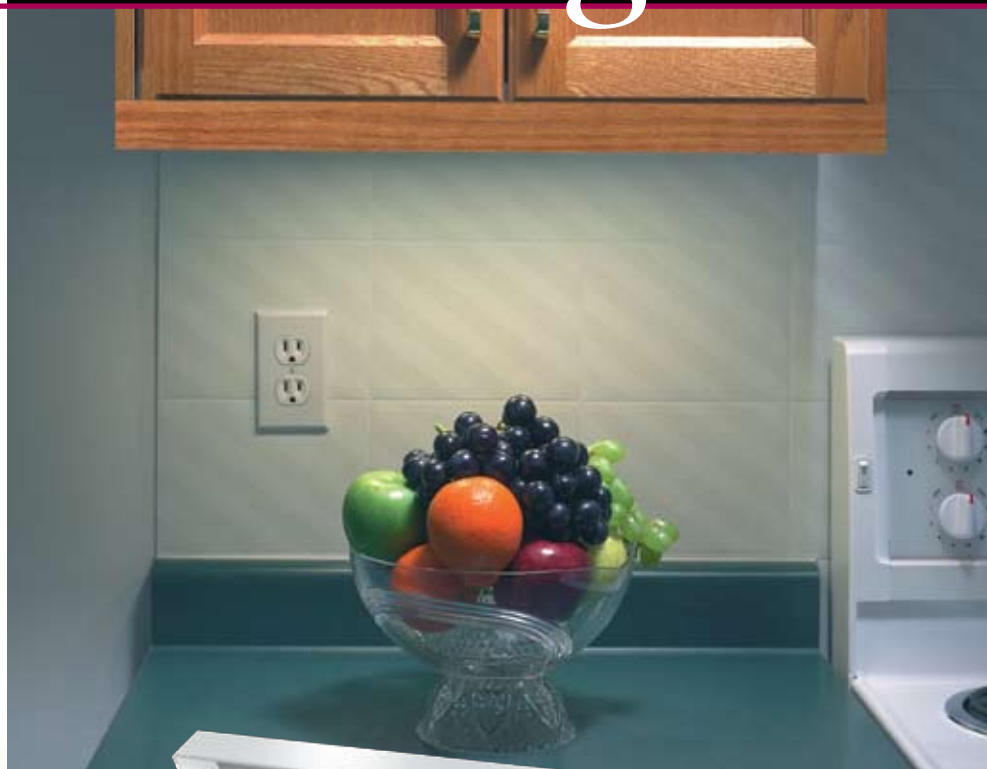

National Specialty Lighting presents

Xenon Task Light

Xenon Task Light (XTL) is the perfect affordable solution for under cabinet, counter and shelf lighting. XTL utilizes an 18 watt xenon lamp that provides a better quality light (Color rendering index RA = 100 and color temperature of 2750 Kelvin), longer lamp life (10,000 hours) and a cooler burning lamp when compared to traditional halogen products.

Why Choose Xenon Task Lighting?

- ✓ Safety – low pressure 18 watt xenon lamps that burn cooler than halogen
- ✓ 10,000 hour lamp life
- ✓ Easily dimmable
- ✓ Fast and easy installation – push in terminals for wire connection, snap on covers
- ✓ 120 volt through wiring
- ✓ Available in 1, 2, 3, 4 and 5 lamp units
- ✓ Hinged lens for easy relamping
- ✓ 5' pre-installed cord and plug also available
- ✓ Ideal for under cabinets, over cabinets, display cases, indirect accent lighting, wall units, work stations and more

- Xenon Bulb**
- Burns significantly cooler than halogen
 - Four times the lamp life, at half the replacement cost of 120 V halogen
 - No harmful UV rays
 - Safe low pressure bulbs

Available in white, as well as a brushed aluminum, bronze and black finish.

Xenon Task Light

Simply the best cabinet light ever!

The Xenon Task Lighting System provides a whiter, more natural light and features:

Fast & Easy Installation

- ✓ Our wire module push-in terminals for wire connection, snap-on covers and multi-directional interconnects make our system quick and easy.

Superior Lamp Quality

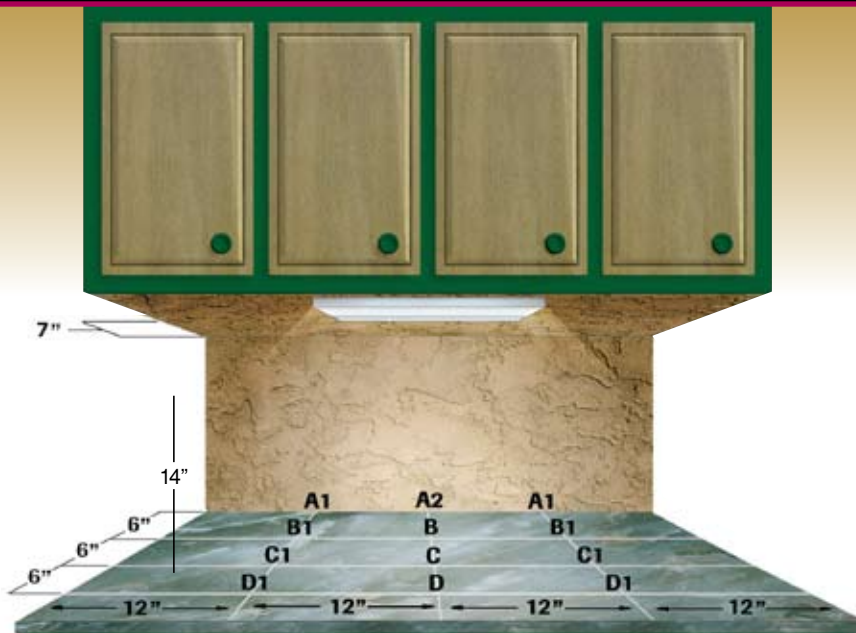

- ✓ 10,000 hour life lamps vs. halogen at 2,500 hours - four times as long.
- ✓ Lamp lumen output 264 lumens
- ✓ Runs a cool 55° C compared to halogen at 90° C - pushing the safety limits.
- ✓ Colour rendering index RA = 100, color temperature of 2,750° Kelvin

A Better Lighting Source

- ✓ The front-mount design puts the light where the consumer wants it, more evenly.

Easily Dimmable

- ✓ Dim the light from a wall dimmer, or directly on the unit with the convenient high/low off switch. Dimmers must be suitable for electronic transformers.

Work Station Photometrics H = 14" (for 3 bulb fixture)

Grid Location:	A	A1	B	B1	C	C1	D
Illuminance in Footcandles:	22.4	15.8	47.3	31.5	62.0	42.1	46.5

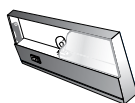

Kitchen Cabinet Photometrics H = 18" (for 3 bulb fixture)

Grid Location:	A	A1	B	B1	C	C1	D
Illuminance in Footcandles:	21.3	15.6	35.5	25.1	43.0	30.5	36.5

* Above measurements based on a 3 bulb unit.

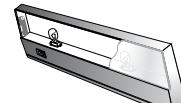

Five lengths for varying cabinet designs and lighting needs. Our 1 inch depth makes our light virtually invisible under most cabinets. Pre-installed 5' power cord also available.
